Miss J. Sheed spent Thanksgiving at her home at Pincher Creek.

BELLEVUE MINE RESCUE AND FIRST AID ASSOCIATION

On Saturday evening, November the 4th, the above association held a banquet in the Bellevue Inn, Bellevue and a very enjoyable evening was spent.

The following were the guests of the association: Mr. Charbonnier, general manager West Canadian Collieries, Ltd.; Mr. Raoul Green, general superintendent; Mr. Visnac, consulting engineer; Mr. James Crowder, district inspector of mines, Crows' Nest Pass district, Alberta; Mr. Edward Royle, mine rescue car superintendent.

Over thirty persons and the above guests sat down to dinner at 8 p.m. when a very sumptuous feast was partaken of, which was a credit to the association and the culinary department of the Bellevue Inn.

When all had partaken wisely of the good things provided, a very enjoyable time was spent, the programme being opened by the chairman, Mr. L. P. Robert, with a toast to the King; after which he addressed those present in a very able and intelligent manner on mine rescue and first aid. He congratulated the Bellevue team on winning the first prize at the Mine Rescue and First Aid competition held in Blaimore on the 1st and 2nd of July, 1921, after which, in a few well-chosen words he presented Mr. Ed. Royle with a souvenir of the Charbonnier Challenge Cup for mine rescue and a case of pipes, on behalf of the association, for the good work and the trouble that he had taken in training teams connected with the association.

Mr. Royle, responding in his usual style, thanked the chairman and the association for their kind remembrance of his services.

Speeches were then read from Mr. Charbonnier, Mr. Crowder, Mr. Green, Mr. Visnac and the main event of the evening was left to that genial and versatile gentleman, Mr. Joseph McIntyre, to welcome the guests of the evening and at the same time address the gathering on the aims and objects of the association, which he did in a manner showing him to be a past master in the art of speech making and would recommend him to any of the candidates in the forthcoming election campaign, should they be in need of a man to put their aims and objects in a proper manner before the people.

The meeting dispersed at midnight after the singing of "God Save the King," all vowing it one of the best gatherings held for a long time and wishing the association the best of success.

The fact that Bellevue has formed the first Mine Rescue and First Aid Association ever formed in Canada or on the continent is a record worthy of being proud of, and as the membership is bordering on sixty it shows it is a live wire. The secretary is Mr. E. C. Cogstick. When Bellevue starts anything, no matter in what line, sports, education, etc., look out!

FIRST LECTURE ON NOVEMBER THE 21ST

Through the courtesy of the Department of Extension of the University of Alberta, the first of the winter series of lectures will be delivered here on November the 21st, under the auspices of the Blaimore Educational Association. This lecture will be delivered by Mr. H. S. Patton, of the University, and the subject will be "Why the Canadian Dollar is at a discount in the United States."

At these lectures a collection will be taken to defray local expenses.

In this connection we are glad to see the efforts of our esteemed M.P., Mr. Christophers, materialized, and trust that the people of Blaimore and The Pass will avail themselves of this splendid opportunity of first-hand instruction at practically no cost.

HUGH M. SHAW

H. M. Shaw, the government candidate for Macleod, came to Western Canada with his father in 1891. They settled in High River at that time. In 1893 Mr. Shaw attended high school in Calgary and later went back to engage in ranching in the High River district. In 1902 he went into business as a general merchant in Nanaimo and stayed with that line for three years. Since then he has been engaged in farming and ranching in that neighborhood. He was first elected to the Dominion House in the 1917 election as a Unionist.

VOTE FOR H. M. SHAW

Headquarters of the National Liberal-Conservative Ass'n, Crows' Nest Pass, Blaimore, Alberta.

The following is a suggested list of meetings in support of H. M. Shaw, the Meighen Government candidate for the Macleod Riding for the week commencing November the 14th, 1921.

Tuesday afternoon at Cougar Valley.

Tuesday afternoon at Melaren's Camp and Sentinel.

Tuesday evening at Carbondale and West Coleman.

Wednesday at Crows' Nest.

Thursday at Coleman.

Friday at Blaimore.

Saturday at Frank, Bellevue and Hillcrest.

For the week commencing November the 21st:

Monday, Tuesday and Wednesday, meetings to be held at Livingstone and North Fork district.

Thursday evening at Lusk, Thursday at Carleton Place and Cowley, Friday at Beaver Mines and South Fork districts.

Week commencing November the 28th: Meetings at Coleman, Blaimore, Frank, Bellevue and Hillcrest; one meeting each night, dates to be arranged later.

It is earnestly requested that all workers get busy and have their respective districts organized, so that arrangements can be quickly made for the advertising and holding of the suggested meetings as near the dates as possible, when and wherever meetings are held.

A cordial invitation is extended to all voters and a special invitation is extended to the opposing candidates, or their supporters, and should they wish to take part in the meeting, it is requested that arrangements be made within reasonable time.

Should any opposing candidate or their supporters wish to hold a joint meeting in any part of the Rocky Mountain district, which forms part of the district of the Macleod Federal Riding, they are requested to make arrangements with the undersigned at least one week before the date of the said meeting.

L. H. PUTNAM,

Member Executive of Rocky Mountain District, Macleod Federal Riding.

VOTE FOR H. M. SHAW

CELEBRATION IS HAMPERED BY THE WEATHER MAN

Blaimore's plans for the celebration of Armistice and Thanksgiving, billed for Monday of this week, were completely knocked in the head by the weather man who willed that we should have our first snow middle of that day, and owing to the storm the affair had to be postponed indefinitely.

It is evident that prohibition is in effect in the United States, for in Boston last month there were only 2,940 arrests for drunkenness, an increase of 346 over September.

Silks! Silks!

We have the finest and largest display of Silks in the Crows' Nest Pass and are offering attractive prices this week. Now is the time to buy. Call and see them.

Local Girl Receives Governor-General's Medal

Miss Eleanor Farmer, daughter of Mr. and Mrs. J. H. Farmer, aged thirteen, is the recipient of the Governor-General's bronze medal for having the highest standing of the Grade VIII pupils in the Macleod inspectorate in the recent departmental examinations. Miss Farmer is a pupil of Miss Edna M. Fulton, vice-principal, and the latter as well as the former, is to be congratulated.

Thank-giving services at local churches were well attended on Sunday last. At the Anglican church, a special service in commemoration of Armistice and Thanksgiving was held, conducted by Rev. Major Walker. Both the Anglican and Union churches were beautifully decorated for the occasion. The Sacrament of the Lord's Supper was administered at the close of the Union service.

An Excitement branch of Oddfellowship is being instituted this evening at Bellevue by Past Grand Patriarch Saunders, of Calgary. Degree teams from Crow's Nest Excitement will confer the Patriarchal, Golden Rule and Royal Purple degrees.

In Detroit, where so many of the nation's automobiles are manufactured, the Automobile Magazine, according to reports, 70,000 horses—a gain of 10,000 over 1917, and 30,000 over 1911.

Most Formosan marriages are arranged on the basis of the engagement money, and the bride-to-be has little to say about the matter.

Municipal nominations at Blairmore and Coleman for trustees and councillors will be held on the first Monday in December.

It looks fishy to see Mr. “Finn” in the political field at Lethbridge. Mr. and Mrs. D. Fleming have taken up residence on State Street east.

Is it because a pig is blind that he has to wear shades on his “windows”?

The regular meeting of the town council will be held on Monday night next.

Chief of Police Carter was under the weather for a couple of days this week.

The Atchison Globe remarks that the only pigs they are bringing living prices today are the blind pigs.

If Henry Ford married a widow with two small children, he would have a seen blind Lizzie and two rainbows.

A new steam automobile is to make its appearance on the market in a short time to sell at about one thousand dollars.

Most of the police courtrooms in this province that have to deal with the liquor act enforcement have motives on their walls: “Put The Bin In”

D. F. Carty came down from Fernie on Monday and will superintend the erection of a residence to West Blairmore for the manager of the Home Bank of Canada.

The late Lady Laurier bequeathed her beautiful residence on Laurier Avenue, Ottawa, to the Liberal Party, to be used as the permanent residence of successive leaders of the party.

At St. John's, Newfoundland, the operator of a car that struck and killed a man, was arrested and let out on \$30,000 bail, awaiting trial on the charge of manslaughter.

Ten handies held up a train in Illinois, getting away with approximately \$400. They got two pounds of registered mail and overlooked two others, one of which is said to have contained \$100,000. To effect their purpose, they wounded four train employees.

Watch for the grand concert to be given in the opera house by local talent on the night of Thursday, November the 17th, in aid of the Roman Catholic church. Quite an array of local artists will be on deck and an exceptionally high-class programme is promised. Show starts at 8 o'clock sharp.

Why Labor Should Vote for Hugh Shaw

EVERY member of a Labor Union must be a believer in a Protective Tariff from the very first of his membership in a Labor Union. A Protective Tariff is enacted to protect Canadian labor and Canadian manufacturers against unfair and unequal competition from abroad.

Labor Unions even go further than this because they aim to protect against possible unfair competition by workmen of their own country, in fact, against workmen living in the same city, possibly, in the same street.

Canadian industry requires protection against foreign competition but will take its chances against home competitors. Theorists, like Mr. Cregar, often make the academic charge that a Protective Tariff is immoral and selfish and solely for the benefit of the manufacturer, and is not reflected in the wage-earner's pay envelope. We have heard such men say that if some other country can produce goods cheaper than we can, then it is an imposition on those engaged in that particular industry in this country not to be permitted to buy the foreign goods. What those engaged in the home industry will do when driven out by foreign competition is a subject carefully ignored by these academic critics.

Industries to which protective Tariffs apply have some measure of protection against foreign competition, but Labor Unions have protection against both foreign and home competition, and, consequently, Labor Unions should be the strongest supporters of the principle of a Protective Tariff for Canadian industries.

COWLEY HAPPENINGS

Mrs. Leigh and little daughter Vernon are Hillcrest visitors this week.

Several of the local Masons and their wives attended the Masonic ball at Hillcrest on Friday last.

About a foot of snow fell here on Monday and Tuesday. High winds are piling it in drifts.

Mr. and Mrs. Scott's Wells, of Hillcrest, spent Thanksgiving with Mr. and Mrs. Robert Littleton here.

Miss Anderson, of the teaching staff here, paid a visit to her parents at Parkland over the Thanksgiving holidays.

Miss Rosamond Blackburn, teacher of Gadd's Hill school, is spending a week with her parents at Fishburn. She will also attend the teachers' convention at Lethbridge this week.

Mrs. Edgett and daughter Ruth have moved to the new home in Calgary. Mrs. Edgett will be greatly missed as she was a great community worker, while Ruth was a member of the West Wind Club here.

The seventeen months old baby of Mr. and Mrs. George Dewart died on Thanksgiving day. Interment took place in Cowley cemetery on Wednesday. The community join in sympathy for the bereaved parents.

HILLCREST HAPPENINGS

John Howcroft and Harry Stobbs left on a few days visit to Calgary and other points.

Ed and Joe Royle fulfilled an engagement at Burnis on Friday night, October 28th.

The new schoolhouse is expected to be ready in a few days. When finished, it will be a splendid building and great credit is due the designer, William Hutchinson, for his work in that direction.

R. Stenhouse has opened up his restaurant and is doing a roaring trade, especially Saturday nights, when special dishes are served up. Outside people visiting Hillcrest could do no better than drop in and give Bob a chance to make your acquaintance.

Three real old timers, in the persons of John Penn, Jack Graham and Bill Graham, have all returned to town, after an absence of several months. Let us hope that they intend settling here with us for keeps. When one meets old faces, the whole world seems to have slipped back a cog or two.

The boys and girls had their full outlet on Halloween night and thoroughly enjoyed themselves, and everyone was glad to see them having a good time; but when men old enough to be grandfathers go around and cause wanton destruction of property it's the limit. It is a pity they can't let the young folks have a night to themselves, without butting in and then blaming the kiddies for it.

**If Not Meighen—
Who?**

A Question that Must be Answered by
Every Elector

Three Leaders and three only are appealing to the People of Canada for support.

Only one of them can be Prime Minister. Which is it to be?

Mr. CRERAR—The extreme Free Trader, who declares protection is morally wrong and economically unsound, and who, by his platform, is pledged to wipe out protection by destroying Canadian industrial life.

Mr. KING—Who is all things to all men; who has a clear cut views on the tariff; who blows hot or cold to suit any and every audience;—but who is the Leader of a group of Liberals solemnly pledged by their official platform to enact Tariff legislation almost as drastic as that proposed by Mr. Crerar.

Mr. MEIGHEN—The fearless champion of Canadian unity and solidarity, with clear-cut, definite views on the Tariff and all other public questions—the man who has the courage of his convictions and the ability and energy to see them through. The man who stands for all classes and all sections of Canada.

THE DECISION RESTS WITH YOU

If Canada is to have strong stable Government during the difficult years ahead, which of these three leaders is most likely to lead the nation through?

If not Meighen—Who?

Reduce The Expenditures

The public debt of Canada is seven to eight times what it was seven years ago, and the great bulk of this enormous increase in debt represents money borrowed at a much higher rate of interest than this Dominion was called upon to pay prior to 1914. The result is that Canada's annual interest charges are now almost, if not quite, equal to the total revenue and expenditure of the Dominion a comparatively few years ago.

In addition to this tremendous drain upon the revenues of the country, Canada has a national railway system which is operating at a loss of more than a million dollars a week. Sir Joseph Flavelle, now chief of the Canadian National Railways directorate, declared a few weeks ago that the loss for 1921 would be between \$67,000,000 and \$75,000,000. He added that the system would continue to lose money and he estimated that it would be from three to five years before it could even pay operating expenses, and that it might be ten years before interest charges as well could be covered by earnings.

Canada also has today an extensive Government Merchant Marine which is operating at a loss, with many vessels tied up idle in harbors, and the capital value of the ships enormously depreciated as compared with their original cost.

Coupled with these facts the country is faced with a declining revenue from Customs occasioned by decreased world trade, and the decreased buying power of the Canadian people.

Faced with such a situation in his personal business, what would a keen financier, manufacturer, or business man do? What, in fact, do such men always do when they find liabilities and debts piling up? There is only one answer: They cut out every item of expenditure they possibly can; they stop expenditures on new ventures unless they are of an immediate revenue and profit producing character; they throw all their skill and energy into bringing their expenditures within the limits of their revenues, and rigidly refrain from incurring any new liabilities. In a word, they safeguard all their resources and devote careful attention to the strengthening of their credit.

And surely that which long experience has taught the keen financier and commercial magnate to be good business, is equally good business for the nation. But is Canada profiting by the lessons of the nation?

It would seem to be necessary to record a negative answer. In the press reports we still read of contracts being awarded for great works, such as drydocks for the Pacific Coast, to cost millions of dollars. Reports of the launchings of new ships for the Government Merchant Marine still appear in print although it is an acknowledged fact that there is now a surplus of world shipping, and those now in commission are losing money. Only the other day announcement was made that it had been decided to revive the building of wooden ships on the Pacific Coast.

With declining business and falling revenues, a business man loses no time in decreasing his staff, but in Canada our Governments continue to pay salaries to a top-heavy civil service, employing two and three men, or women, where one would be sufficient for the work demanding attention.

At a time—three years after the close of the war—when Canada should be beginning to gradually reduce the great debt created by the war, the appalling fact is that the national debt is still increasing, little or no attempt is made to restrict expenditures, and certainly no truly courageous effort is made to meet the needs of an exceedingly serious situation.

The inevitable result is that taxation is not only heavier than ever before known in this Dominion, but it is increasing, as it is bound to increase until every addition to the national debt, and as it must continue to increase until a vigorous and really effective attempt is made to stop all unnecessary expenditures, eliminate all waste and extravagance, and reduce the total of all national expenditures to a figure, not only within the revenue, but which will produce a surplus to apply in the reduction of the existing debt.

This is not a political article in a partisan sense. The situation we have outlined in regard to the Dominion is more or less true in many of the provinces and municipalities. The debt of Ontario has been largely increased, while recent figures show that the gross debt of the City of Toronto was increased by nearly \$26,000,000 between January 1 and September 30 of this year.

In view of present world conditions, this tendency to add to national, provincial and municipal debts is all wrong. It is time the people, who must bear the burden and who will be the chief sufferers in the long run if a halt is not soon called, must emphatically demand a return to sanity and the exercise of the same prudence in the management of public business which the great majority of them insist upon in the handling of their private affairs.

Daughter Will Not

Live With Kaiser

Refuses to Keep House For Him in Holland

The former Kaiser's daughter has declined his request that she go and keep house for him in his exile, writes a correspondent. His patient wife is in her grave. His sons are scattered about, spending the incomes left after the collapse of their father's soaring ambition to rule the world by force of arms. And Wilhelm frets and fumes in what is practically captivity in Holland. A weary man, no doubt, and vastly unhappy in a bed whose thorns are disconcerting, vain regrets, and constant companions of his present wretched condition and circumstances with the power and glory that once were his, now waded away in the blood of millions of his fellow creatures. No wonder an exchange comes for him: "Which way I fly is hell; myself am hell."

It has Many Qualities—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It relieves a cold, breaks a cold, prevents sore throat; it will reduce the swelling from a sprain, relieve the most persistent neuralgia and will speedily heal cuts and contusions. It is a medicine chest in itself, and can be got for a quarter of a dollar.

The total length of London Bridge, with the approaches, is half a mile. The bridge rises to 225 feet above the water, and cost \$5,310,000 to build.

Nothing Else is Aspirin—say "Bayer"

Warning. Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 25 years and proved safe by millions for Colds, Headache, Rheumatism, Toothache, Neuralgia, Rheumatism, Neuritis, Pain and Fever. Made in Canada.

French Soldier Will Wear Khaki

But Not Until Stock of Horizon Blue is Exhausted.

Horizon blue will be replaced by khaki as the color of the uniforms worn by French officers and soldiers, under a decision reached by the superior war council. The uniforms of the French army will in future be similar in color to those of the British army.

The order for the change in the uniforms of the French army will not immediately come into effect, but will be operative when the present stocks of horizon blue cloth are exhausted. These stocks, it is said at the ministry of war, are sufficient to last for ten years.

Select Laxative Medicine

With Great Care

In debility and weakness, medicine should be mild and far-reaching. Many pills and purgatives are too harsh, are drastic instead of curative. Satisfactory action is always followed by depression, and knowing this Dr. Hamilton devised his pills. Dr. Hamilton's pills are mild and increase liver and kidney activity, so as to flush out the system by toning and regulating the bowels. Thus Dr. Hamilton's pills eliminate poisons from the body, thus relieve the constipation, clearness to the skin, thus do they renew health and strength. To keep your system in healthy good-working order, regulate it with Dr. Hamilton's pills. See all dealers or The Catarrho-Pills Co., Montreal.

Existence Varied.

New Butler—At what time, sir, would you wish to dine?

Proffert—At what time do the best people dine.

New Butler—At different times.

Proffert—Very well. Then I too, will dine at different times.

STERN REMINDERS OF RHEUMATISM

The Trouble Must Be Treated, Through the Blood.

Every rheumatic sufferer should realize that rheumatism is rooted in the blood and that to get rid of it, it must be treated through the blood. Old belief that Rheumatism was caused by cold, damp weather, is now exploded. In such weather conditions may start the pain, but it is not the cause. Liniments and outward applications may give temporary relief, but that is all they can do because they do not reach its sources in the blood.

Treat this disease through the blood and you will soon find relief. Dr. Williams' Pink Pills will directly impure, weak blood; they purify and strengthen it, and so act on the cause of the rheumatism. I began taking Dr. Williams' Pink Pills and soon the trouble disappeared and I am in better health than before. I also know of an old lady acquaintance who was badly crippled with rheumatism in her arms and legs, and who suffered very much. She, too, took Dr. Williams' Pink Pills and is now able to do her housework. I tell you this in the hope it may be of benefit to some other sufferer.

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents per box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

Canadian Firm's Contract.

It is officially announced that it has been decided, subject to certain formalities, to place the whole contract for the erection of 36 grain elevators in South Africa with a Canadian firm. It is understood that part of the machinery will be purchased in Great Britain, but almost the whole cost of the buildings, other than the structural steel to be used therein, will be expended in South Africa.

Seedy One—What does a bath cost? Attend—Twenty cents. You can have twelve tickets for 2¢. Seedy One—Twelve! Say, I ain't askin' to be a life subscriber—Stockholm Kasper.

For some years ultraviolet rays have been used for sterilizing water, milk and other fluids. The idea has been applied to the disinfecting of barrels and casks.

Canada has nearly 500 fox farms. Bruges, Belgium, was the centre of the world's trade in the twelfth century.

It has been reckoned that a single pair of sparrows and a nest of young ones consume about 3,000 insects a week.

A prominent woman physician of New York City is stated to have cleared a steady income of \$30,000 annually for some years.

Minard's Liniment used by Veterinaries.

That's Why You're Tired

—Out of Sorts—Have No Appetite Your Liver is Sluggish

CARTER'S LITTLE LIVER PILLS will help you right in a few days.

They act quickly and give nature a chance to renew your health. Correct the immediate effects of constipation, relieve biliousness, indigestion and sick head aches.

Small Pill—Small Dose—Small Price

Discovery of Borax

Preservative Power Discovered by Prospector in Yellowstone Park

The wonderful preservative power of borax, first discovered in Yellowstone Park, Wyoming, is being prospected in that desolate though picturesque region—across the body of a horse, which, although it must have died long before, was preserved in its whole form. Looking around for an explanation of the phenomenon, he found that the animal was covered with a layer of fine dust, which proved to be borax. He saw the commercial value of his discovery and sold the secret to a large packing firm in Chicago.

Where fifteen English women students come forward in any one district, the British ministry of labor is empowered to institute classes in cookery and general domestic work.

Mother Graves' Worm Exterminator will delay worms from the system without injury to the child, because its action, while fully effective, is mild.

B.C. Box Factories Busy

Total Output For 1921 Will Be 300,000 Packages

The output of the box factories at Wyndell and Canyon City this year is more than double that of 1920 and fifty per cent. greater than any previous year's. Of apple boxes alone about 150,000 have been made, some of them going to packing stations in the Okanagan while all the local requirements have been supplied. Crates and boxes for all the produce of the district, which includes apples, pears, plums, peaches, cucumber, tomatoes, are made in large quantities at these factories, whose total output this year will be at least 300,000 packages.

Great Demand for Cypress Cedar

Lumber Sells From \$150 to \$200 Per Thousand Feet.

The Steltz Manufacturing Company, Ltd., which operates a large shingle mill at Huxton and has extensive timber lands, will probably much as sawmill either at Vancouver or at Slave Falls to manufacture cypress cedar lumber. There is a great demand for cypress cedar for making storage battery boxes, tubs for washing cars, etc. It sells from \$150 to \$200 a thousand feet. It is reported that the company has about two hundred million feet of cypress cedar under their limits at Slave Lake.

Getting the News.

"Is my wife going out this evening?" inquired the lord and master as he entered the house.

"She is, sir," the maid responded.

"And," he further questioned warily, "is she going with her?"

Y. N. U. 1922

HEART WOULD BEAT LIKE A TRIP HAMMER

HEART trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart acts badly, palpitations, throbs, or beats with such rapidity and violence you think it is going to break.

You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed. If you attempt to walk upstairs or any distance you get all out of breath.

We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy normal condition as will

MILBURN'S HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer and at times I was dizzy-headed and had a sinking sensation as if my time were near."

A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now although in my 64th year I feel like a young girl; no dizziness or heart-thumping, and can walk miles without fatigue. At time I weighed 120 lbs. now I weigh 150.

Price \$4.00 a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Dried Fruits For Thrift

BY LORETTO C. G. LYNCH

An Acknowledged Expert in All Matters Pertaining to Household Management.

It is always a problem for the housewife of limited means to give her family fruit. Yet so necessary is fruit in the diet that we must strive to put it in at least once a day even when the food allowance is small.

Practically every baby book suggests orange juice as part of the baby's diet, but one can readily understand that when oranges reach ten and fifteen cents apiece, as they do in all too many northern and eastern markets, that the orange must be saved for the baby and the rest of the family must look for the cheaper fruits.

Even the apple gets beyond the purse at times. When this occurs, try using the dried apple. It requires one cent and patterns to prepare dried apples for the table, but since the health of the family is a consideration, the time and effort expended seem worth while.

Wash and pick over half a measuring cup of dried apples and then put them to soak in the water in which they have been soaking, adding more water if necessary. When soft, press through a strainer and add two level tablespoons of sugar, and either a grain of nutmeg or a couple of drops of lemon or vanilla extract. This apple sauce may be served at breakfast.

If one desires a dessert for the Saturday dinner, the apple sauce made from dried apples may be made into apple snow. To a cupful of strained apple sauce add one-fourth cup of sugar, a little lemon juice and grated rind of the white of one egg. Beat all with an eggbeater until white and fluffy.

To make prune whip, or apricot whip, substitute the pulp of either for the apple sauce and omit the lemon. If not fond of fruit, egg whites make the dessert a little more rich, but one egg white is enough. Chill the "snow" and serve with a boiled custard flavored with vanilla and chilled.

To make a soft custard, scald a cup of milk. Beat one egg slightly and add to it two level tablespoons of sugar and a grain or two of salt. Add the hot milk slowly to the egg mixture, stirring constantly. Cook the mixture over hot water until the mixture coats a spoon. Remove at once from the flame. Chill and flavor.

If the egg is too expensive, one level tablespoon of cornstarch stirred into a little cool water may be substituted. The result will be a simple sauce quite satisfactory, but not as nourishing as when made with egg.

Of the dried fruits again, there are the figs, dates and raisins. Figs and dates are used nearly as much as they should be in the average household. Figs in fancy packages are good to look at and toothsome, but too expensive for the woman who must practice rigid economy.

The loose figs should be scrubbed and picked over and then either steamed or stewed with just a little water. Sugar may be added, but it is well to learn to like stewed figs without. Dates or figs may be mixed with farina or white cornmeal mush. They add to the dish and make extra sugar unnecessary. Also, these fruits help to give bulk to these rather "thin" foods.

Put dried raisins into your bread and rice and other cereal puddings. Chop the raisins up with some nuts, and a little lemon juice and make sandwiches of the mixture for the afternoon tea party or the kiddies' lunch box.

Edmonton Man Discovers Pure Iron

Millions of Tons Will Not Require Mining.

A valley of almost pure iron lying on the shores of Lake Athabasca with deep water right to the claims, has been discovered by N. C. Buttfield and his son, according to the Edmonton Bulletin. Analysis of the claim shows that it is 64.36 pure iron, 150,000,000 tons have been measured off, while 5,000,000 tons, in the shape of loose blocks, are lying on the surface of the ground close to the lake, ready for shipment without any mining operations being necessary.

Ice is one of the few things that are really what they're cracked up to be.

The longest mile is Sweden's—11,690 yards; the shortest, China's—705 yards.

Never kick a horse's net just to ascertain whether the family is at home.

Minard's Liniment for Distemper

Just Before the Battle. Miss Sayitt—Oh, is that your husband's photograph? I knew he must be good-looking—your children are so pretty.

A Corrector of Pulmonary Troubles. Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in relieving disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

Reindeer herds double in number every three years.

The largest sweetshop in the world was recently opened in New York.

Try a Bottle To-day

DR. MINARD, Inventor of the Celebrated MINARD'S LINIMENT

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a Little "Freestone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freestone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the nail, without sores or irritation.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Dandruff" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, soft, lustrous, and easy to do up. But what will please you most will be after a few weeks, when you see new hair-line and downy at first—yes—but really new hair growing all over the scalp.

"Dandruff" is to the hair what rain is to the seeds of grain and sunshine is to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps your hair-lifelines, faded hair to grow long, thick, heavy and luxuriant.

Best for Baby Best for You

Sees Great Advantages For Western Canada In Waterways Scheme

Hamilton, Ont.—The first business at the session of the Canadian Deep Waterways and Power Association was the re-election of the old officers. In view of the feeling expressed that much educational work must be done in Western Canada, several delegates expressed the opinion that the present officials of the association should be re-elected so that the organization will benefit to the fullest extent by their experience.

George A. Graham, Fort William, expressed the opinion that the eastern province of Ontario would be benefited by the project of the deepening of the St. Lawrence river almost as much as the western districts. With the opening of the river channel new markets to the west would be opened for Nova Scotia coal, iron and steel products. Nova Scotia coal would displace Pennsylvania coal in Ontario as far west as the head of the lakes.

J. P. Coleman, Hamilton, said the project should not be viewed as one to "take" traffic away from the railways, but one to create new business. Secretary Lewis read an interesting paper contributed by Thomas Coleman, of St. Catharines, a former lake captain and vessel owner, who endorsed the ship canal. He said he

had reached the conclusion that if the western farmers are to maintain their European market for grain water transportation from Fort William must be made possible westward to Edmonton by lake, and by river. He outlined a scheme for connecting up points west by means of barge canals. The next convention will be held at Welland.

The delegates were entertained at a banquet by the Chamber of Commerce, W. R. Driman presiding. Interesting addresses were heard from Henry I. Harriman of Boston, president New England Power Company, and A. W. Jeffrey, United States congressman for Nebraska.

Mr. Harriman stated that business would increase in other ports as it was extended to the cities which would benefit from the project. Wheat, he added, at the present time could be brought from the head of the lakes, one thousand miles for two cents a bushel while the cost of transportation from Buffalo to the east was ten cents. His scheme is to carry the grain in bottoms from the head of the lakes to Boston, providing the St. Lawrence was navigable, and the cost could be but seven cents, he asserted. A benefit to the east as well as to the producers in the west.

WESTERN PROVINCES REPRESENTED AT SWINE BREEDERS' CONFERENCE

Ottawa.—With the object of placing the Canadian bacon industry on a solid foundation and securing for it the premier position throughout the world, a two-day conference of representative swine producers from practically every section of Canada was held here under the chairmanship of Dr. J. H. Grisdale, deputy minister of agriculture for the Dominion. In addition to the swine producers, there were present deputy ministers of agriculture from various provinces or territories, including Mr. A. G. Craig, deputy minister for Alberta; Hedyd Auld, deputy minister for Saskatchewan, and James Evans, deputy minister for Manitoba.

The discussion at the opening session revolved around the question of the establishment of a systematic grading system for hogs. The question was asked if the producers and farmers were getting full value for their hogs under the present system. It was argued by some of the producers that the farmers should do the grading. Other delegates advocated the appointment of official graders or referees at the livestock markets and abattoirs.

After a somewhat extended discussion, the association requesting the Federal Department of Agriculture to establish standard grades on livestock and hogs, was passed unanimously.

Will Represent Canada

Sir Robert Borden to Put Wreath on U.S. Hero's Grave.

Ottawa.—Sir Robert Borden, who is in Washington for the purpose of attending the disarmament conference, will place a wreath on the grave of the United States' unknown soldier on behalf of the Canadian Government.

Sergeant J. E. Young, of the Canadian Grenadier Guards, Montreal, will represent the Dominion executive of the Army and Navy Veterans' Association, at the ceremony.

Will Supervise Construction Work Montreal.—It is announced that Julian C. Smith, vice-president and general manager of the Shawinigan Water and Power Company, will take over the supervision of the construction work of the Manitoba Power Commission in connection with which a bond issue of \$7,500,000 was recently handled by the local firm of Nesbitt Thomson and Company.

New Canadian Liner Launched in England

London.—The Cunarder Andania, designed for the Canadian Service, was launched at Hepburn-Tyne, Lady Parnley performing the christening ceremony.

The liner is 540 feet long, 65 feet broad and 43 feet deep, with a speed of 14 knots. The new ship is expected to be ready for commission next spring. It will have accommodation for 500 cabin and 1,200 third-class passengers. No other classes are planned for it. It will burn oil as fuel and some of the innovations are a verandah and a spacious playground for children.

Sir Thomas Royden, presiding at a luncheon, said the company hoped to run a regular service to Canada.

Many British Flags At U.S. Convention

Escorts Who Met Admiral Beatty Greeted With Cheers

Ottawa.—That British flags were being carried and cheered by delegates to the convention of the American Legion in Kansas City, was stated in a message received at Great War Veterans' Association headquarters here from N. B. Maxwell, Dominion president, and Rev. C. E. Jenkins, fraternal delegates representing Canadian ex-servicemen at the convention. Mr. Maxwell, in his message, declared the spirit of the gathering "would prove to be one more sure step towards a better understanding between the British and American people."

When the contingent of Britishers marched to meet Admiral Beatty, they were everywhere cheered and no untoward remarks were heard as they escorted the famous admiral through the streets.

"Admiral Beatty has made a splendid impression," Mr. Maxwell wrote. "The gathering 'would prove to be one more sure step towards a better understanding between the British and American people.'"

Conditions Gradually Returning To Normal

New York.—Reginald McKenna, former chancellor of the British exchequer, who has been making a three-weeks' study of the commercial and economic situation in America, declared in a statement "that the financial horizon seems clear, and thought it will probably be some considerable time before normal conditions are restored. I am inclined to say that the corner is turned."

"I would like to add, however," Mr. McKenna said, "that it is no time for speculation. Recovery is bound to be slow, working through a period of moderate fluctuation, though I hope, and expect, that the tendency will be an improving one."

"I find," Mr. McKenna continued, "that very considerable interest is taken in the question of international debts between governments. This is a subject on which I could only venture to speak from the British point of view. We are large creditors, and in relation to the United States, we are also debtors. As a debtor, I have nothing to say except that Britain pays her debts. On the other hand, speaking as a creditor, my opinion is that Britain would be selfishly wise having regard only to her industrial and economic position, to remit the obligations due to her."

"If I dared to tread on dangerous ground for a moment it would be to say that the influence of the United States is indispensable in the councils of the world. You are already tied to Europe and the Far East by the bonds of trade, and the responsibilities which arise from this relationship cannot be ignored without great loss to the world and an unfavorable reaction upon yourselves. In England, the calling of the conference by President Harding is most warmly welcomed, not merely for the sake of the results which it is hoped may be achieved, but it is the first time that a great and powerful government has assumed the responsibility of bringing together the prime ministers of other nations to confer upon the means of securing lasting conditions of peace. Peace and industry are the prime needs of the world at the present time, and the world looks to the United States to lead the way."

Give your local merchants a chance. Buy at home.

Situation at Lake

Terminals Is Serious

Talk of Securing Steamers to Store Grain for Winter

Fort William, Ont.—If for the next two weeks, grain stocks at the head of the lake accumulate as fast as they did last week, the storage at Fort William and Port Arthur will be plugged by Nov. 15. A million and a half more bushels came here last week than were shipped out, and this left over thirty million bushels in store. Stretched to the uttermost, allowing for the separation of grades, the elevators here cannot take more than forty-eight million bushels, and the total will be all taken up in less than three weeks from Nov. 1. Already there is serious talk of securing a large fleet of steamers to come here and lie up for the winter, taking on grain so as to relieve the elevators.

With the scanty demand for wheat for export the situation has never looked as serious at this season of the year as far as storage is concerned.

Brothers Charged With Embezzlement

Said to Have Taken More Than Two Million

San Antonio, Tex.—Paul and Peter O'Brien, brothers, and for thirty years employed in the Sullivan & Co. Bank here, a private institution, were arrested on an indictment charging embezzlement. A total of 150 indictments were returned against each and charge the theft or embezzlement of more than two million dollars. The O'Briens left the employ of the bank six months ago.

Wins Aerial Derby Kansas City, Mo.—Lloyd Bertaud, of New York, won the American Legion Aerial Derby race over a 140-mile triangular course here. His time was 60 minutes, 15 2/5 seconds.

Bolsheviks Quit City Enzeli, Persia.—Bolshevik Russian troops have evacuated this city as provided by the new treaty between Moscow and the Communist Government of Persia.

WESTERN EDITORS

Harris Turner, M.P.P. of the U.S. Public Parks.

Canadian Veteran Heir to Estate

Informed of Legacy While Working in U.S. Public Parks

Youngstown, Ohio.—While working in parks here as one of the city's unemployed, C. P. Virtus, 23, former Canadian soldier, received a letter from a trust company of Edmonton, Alta., informing him that he had become heir to his father's estate valued at between \$40,000 and \$50,000.

The letter said he was leaving the property to Fisk University, Nashville, Tenn., had been found, but at the will had not been witnessed. It is not regarded as valid under Canadian law.

Information Wanted On Soviet Offer

Note Mentions Assuming of Imperial State Debts Only

London.—Great Britain, it was indicated in authoritative quarters, will reply to the recent note of M. Chicherin, foreign minister of Soviet Russia, offering conditionally to assume the debts of old Russia up to 1914, by the dispatch of a note pointing out the Soviet's offer mentions only the Imperial state debts, which are but a part of the Russian total.

It was also said forth that the conference to establish peace desired by the Moscow Government would be possible only after an allied, or preferably an international, consensus of opinion was obtained regarding the policy that was to be pursued toward Russia's indebtedness.

Victim of Wreck Had Valuable Picture

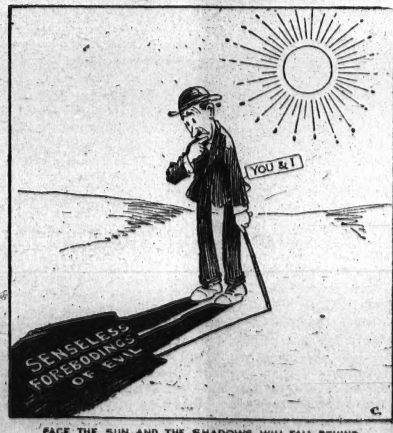

Kamloops, B.C.—A painting purchased from a German prisoner overseas by Geo. Goodwin, one of the victims of the wreck in the Palliser tunnel disaster in October, proved on expert examination to be an old master, whose name was not given out, and was valued at \$60,000.

Goodwin was on his last trip as a railwayman, preparatory to taking the picture to Europe, when he was killed. He left a wife and two children.

Assumes Presidency

Buenos Aires.—Feliz Paiva has assumed the presidency of the republic of Paraguay, following the deposition of President Gondara, against whom a revolutionary movement broke out, says a dispatch to La Nación from Asuncion.

STANDING IN HIS OWN LIGHT

U.S. Becoming Alarmed Over Rapid Decrease Of Canadian Trade

Germans Offer to Rebuild Villages

Paris.—Representatives of a German syndicate called on M. Loucheur, minister of liberated regions, and offered to rebuild twelve villages in the Somme district with German labor and material, the reconstruction to be considered against the reparations account under the Loucheur-Rathenau agreement. He informed M. Loucheur that 2,500 workers were ready to reconstruct the twelve villages within a year.

The minister asked the Germans to return later, when he would inform them of his decision.

Has Confidence In Disarmament Meet

First Lord of British Admiralty Not Worried by Failure

New York.—Confidence that much good would come out of the Washington conference on the limitation of armaments, was expressed by delegates from Great Britain, Italy and China, on their arrival here on the Olympic.

Lord Lee of Fareham, First Lord of the British Admiralty, in a formal statement said: "So far as I am concerned, and here I speak not only as the responsible head of the British Admiralty, but as one of the official delegates, I come in a spirit of quiet confidence that the results of this conference will be such as to amply justify President Harding's far-seeing initiative, and, personally, I am not prepared even to contemplate the possibility of failure. To do so would be to assume that the world was afflicted with an incurable insanity and could not be restrained from suicide."

Seek to Prevent Grain Blockade

Railway Companies Cooperate to Relieve Congestion at Lakes

Winnipeg.—A meeting was held between the representatives of the two railway companies and the members of the Northwest Grain Dealers' Association, when conditions at the lake front with respect to grain storage were discussed.

It was decided that the line elevator companies, and the co-operative elevator companies would lend assistance if called on in order to prevent anything in the nature of blockade at the lakes.

"As far as the Canadian Pacific Railway is concerned," said D. C. Coleman, vice-president of the company, "there is no congestion on the line and if lake congestion continues to offer in any volume at Port William, loading restrictions will not be necessary."

Treaty Awaiting Signatures

Will Settle Commercial Matters Between Italy and Russia

Rome.—The commercial treaty between Italy and Russia, negotiations of which began some time ago, has been put into draft form and is awaiting signatures of Marquis Della Torretta, the Italian foreign minister, and M. Vorovsky, the Soviet representative here. The proposed treaty contains reciprocal clauses regarding imports and exports, the entrance and exit of the ships of both nations at each other ports. The treaty does away with all trade barriers except as to the importations into Italy of alcoholic liquors from Russia. The Russians agree not to requisition any Italian goods.

Australian Premiers Confer

London.—A Reuter cable from Melbourne says that a conference has been opened between Federal Premier W. M. Hughes and the Australian state premiers on questions of uniform railway wage throughout the Commonwealth, disposal of the wheat harvest, soldier settlement, finance and future arbitration in labor disputes.

Winter Work for Prince Rupert Dock

Prince Rupert.—J. E. Simmons, of the Simmons Construction Company, Winnipeg, has arrived here to commence the construction of the ocean dock superstructure. Work will continue throughout the winter months.

Promoted to General

London.—Lieut. Gen. the Earl of Cavan, who will act as military expert at the British delegation in the Washington conference has been promoted to general.

New York.—The trade of the United States with Canada "right now is waving a red flag," declared the New York Herald in an editorial discussing the fact that the value of United States' exports to Canada, is decreasing much more rapidly than that of United States' imports from the Dominion. The Herald suggests in this connection the advisability of extending larger credits to Canada.

"Canadian values are not very far apart from our own," the paper says. "If, therefore, we lose two dollars of sales to Canada for every dollar of sales that Canada loses to us, we are moving decidedly in the wrong direction."

The paper declares that this is what the United States has been doing, quoting figures to show that for every dollar that Canada's exports to the United States have gone down in the last year, United States' exports to Canada have gone down two dollars and a quarter.

"And Canada, let us not forget, has become our second biggest and best customer in the world," continues the Herald. "With our Canadian exports of approximately a billion dollars a year, only the United Kingdom surpassed Canada in the volume and value of goods bought from us. The whole of South America with Mexico, Central America and the West Indies thrown in, did not equal Canada as a buyer in the markets of the United States. Now the relative swing is heavily against us."

Discussing possible remedies, the Herald declares: "We have plastered loans all over other countries which never can be normal customers of ours while we have been stingy with credits to the one country destined naturally to be our very best customer."

Lady Laurier Dies After Brief Illness

Distinguished Canadian Woman Dies At Age Of Eighty

Ottawa.—Ottawa is in mourning for Lady Laurier. Messages are being received from all parts of the world expressing regret at the death of the venerable and noble-hearted widow of the former prime minister of Canada and great Liberal chief.

She is survived by two brothers, Godfrey LaFontaine, Montreal, and Charles LaFontaine, of Lisbon, Maine, a distant uncle, Mr. A. E. Brodeur, Montreal, and several nephews and nieces.

Lady Laurier was in her eightieth year, and caught a chill while out walking recently. Sir Wilfrid died February 17, 1919.

Abandon Loan to China

U.S. Change Plans On Default Of

New York.—Default by the Chinese republic of the \$5,500,000 loan made by the Continental and Commercial Trust and Savings Bank of Chicago, has resulted in the abandonment of a proposed loan to China of \$15,000,000, it was announced by a United States banker representing the Chinese consortium.

Banks in Barrie Protected

Barrie, Ont.—A fire alarm and Chief King have completed arrangements to prevent any Barrie bank from being looted. In each branch an electric alarm has been fitted which not only will sound a siren on the street, but also is connected with the fire alarm, and a number of firemen have been sworn in as special constables for emergency service.

Oppose Withdrawal of Rhine Troops

Washington.—President Harding was understood to have expressed opposition during a conference with Chairman Porter, of the house foreign affairs committee, to passage of any resolution providing for immediate withdrawal of United States troops from the Rhine.

Grain Via Vancouver

Vancouver.—Ten thousand tons of bulk grain have been booked for the United Kingdom and the continent, and if the rate continues as low as at present, in the neighborhood of 30 shillings, grain men predict a great movement through this port.

Fatally Injured In Fall

Vancouver.—Falling from the top of a British Columbia Electric railway baggage car, Charles Elliott, aged 55, died a few minutes later from injuries received.

JOSEPH MONTALBETTI, Proprietor, BLAIRMORE, Alta

Mrs. W. D. Spence addressed a meeting of the I.O.O.F. at the local Masonic hall on Thursday evening last and returned to Calgary that night. While in town, Mrs. Spence was the guest of Mrs. Haoul Green in West Blairmore.

Mrs. W. McVey was a visitor to Lethbridge last week.

Mrs. Elton Picard was the successful candidate in the apple guessing contest at the F. M. Thompson Co's store on Friday last, winning a sack of flour. The apples were contained in a tub and were floating on the water, and Miss Picard guessed correct, 110.

Of Local Interest

Miss Francis Gibson spent Thanksgiving at her home here.

Miss Grace Confort spent Thanksgiving with her sister here, Mrs. F. G. Ford.

Around Boston there are over 20,000 ex-service men out of employment.

Dr. Hoar's offices here have been beautifully decorated by G. K. Sirrett, painter, of Bellevue.

Considerable damage was done recently by a prairie fire started in the vicinity of Beaver Mines.

British Columbia is making a profit on liquor of about forty thousand dollars a week.

Two perjured liquor informants at Galt, Ontario, were each fined one thousand dollars.

A quantity of liquor that had been seized at Strathmore was stolen from the jail.

It takes all a man's time and money to cover up his troubles, while a woman can cover hers with a half a yard of scrim.

The marriage of Miss Minnie Fisher to Mr. John Wyatt was solemnized by the Rev. H. Peters at Bellevue on October 29th.

During the coming week, committee rooms will be opened in all the towns, so that the supporters of H. M. Shaw, the government candidate, can meet for organization purposes.

Some local business places show their appreciation of our boosting for home patronage and support by ordering their stationery from downright "scab" city printing houses.

Jacob Michener, father of Senator Michener, died at Jordan Station, Ontario, on October the 27th, aged 82 years. His wife predeceased him by twenty-one years.

All supporters of the Meighen Government candidate residing in Frank or Blairmore, interested in organization work, are requested to meet at the office of L. H. Putnam, Blairmore, at 7:30 p. m. on Saturday, the 12th November.

The United States congress will be asked for ten million dollars for the enforcement of prohibition during the next fiscal year, an increase of two and a half millions, over the appropriation for the current year.

It is expected that the new ward school in West Blairmore will be completed next week and probably be occupied the following week, thus relieving the congestion at the central school. The new building is magnificent and all the interior appointments are of the highest class.

This peculiar item appeared in a northern Alberta weekly newspaper last week: "Mr. V. C. French, of Wetaskiwin, president of the Canadian Weekly Newspapers Association, and Mr. E. Roy Sayles, of Toronto, secretary of the C. W. N. A.; were the guests of local newspaper men on Tuesday. And Sunday is Thanksgiving Day."

Our football team, the "Impregnable," journeyed to Fernie on Sunday last to play the final for the Cooper Cup against Michel. Although the roads were bad and rains poured throughout the day, our boys proved equal to the occasion and landed on the ground just fit for the fray. After full time playing neither side scored and a draw resulted to be replayed at Hillcrest at first favorable opportunity. Already an addition is being built to Blairmore's trophy warehouse for the accommodation of the Cooper Cup.

October the 9th was the fiftieth anniversary of the great fire in Chicago that destroyed 17,450 buildings and other property to the value of \$196,000,000 and made 100,000 homeless. Two hundred and fifty lives were lost.

Mr. and Mrs. Max Black returned from Chicago on Saturday morning last.

Dr. H. B. Hoar, dentist, has opened up his new office in the new store over North's grocery store.

Major Wallace Sharpe was a visitor from Saugey Grove on Saturday last.

Mrs. S. Knappman and daughter Louise spent a few days in Lethbridge.

See the big bills just out, announcing the opening of Joseph's new store at Hillcrest.

There are eighty-two members to be elected in Ontario, and already 198 candidates are in the field.

Rev. P. J. N. Corman returns this morning, after several months spent in Nova Scotia and other eastern points.

When the time comes round, we would suggest that the bootleggers hold a memorial day, rejoicing over John Barleycorn's demise, and his later resurrection for their benefit.

Calgary is complaining that they are losing all their star hockey players. Maybe that Calgary rosters will have to come to their rival city—Blairmore—this winter to see a hockey game.

The dance given in the opera house Monday night under the auspices of the Blairmore Football Club was well attended. Music was furnished by the Blairmore orchestra.

A fellow passing up the street the other day in a forty-mile-an-hour Ford, was hailed by the police and asked if he had passed the speed limit. He replied, "No, sir, I took it in the car with me!" He was convicted on the counts of speeding and stealing.

About two hundred and fifty teachers of the Gratiot, Foremost, Lethbridge and Macleod inspectors go into session at Lethbridge today. The meeting will be addressed this evening by Hon. Perin Baker, our new minister of education.

Mr. Justice Tweedie, of Calgary, is this week putting in his initial try on the judicial bench of criminal assizes at Lethbridge. Mr. Tweedie was formerly a prominent lawyer at Calgary and during the war was an active worker for the Red Cross and Patriotic Fund endeavors.

Archie McTeer, one of the province's foremost rugby and hockeyists, is slated to be become a member of the Blairmore star team the coming season. Judging from present prospects of lineup, 'tis just as well to let us have that Wright cup now.

A great United States newspaper notes the advances made in fighting forest fires by means of watch towers, telephone lines, portable gasoline pumps, etc., but says that the destructive fires in Maine and the Maritime Provinces this year show that only by eternal vigilance and the support of public opinion all over the country can the forests be made fireproof.

The Enterprise has been adding to its circulation during the last few months at the rate of twenty-five new subscribers a week; and last week we were obliged to put on fifty new ones, and still we were short.

The case against a local Chinaman was concluded on Thursday night last when the accused was found guilty of having opium in his possession and of having laid a trap for a fellow countryman who had accepted his former position as cook at the Cosmopolitan. The Chinaman was required to pay a fine of \$250 or serve six months in jail. He elected to serve the six months and was escorted to Lethbridge on Friday, where in all probability he will superintend the cooking at the jail.

What Premier Meighen Stands For

"I stand for unity in Canada, for solidarity of conditions and freedom of enterprise within our own borders. The lesson for Canada and the free peoples of the British Empire is to avoid the pitfalls of all the nations which have preceded it and sunk in oblivion, and of those as well that are writhing in chaos and suffering. I shall strive with all my power for national unity, embracing all races, languages and creeds. I shall fight with all my energy for national solidarity, for moderation of thought and action, for orderly progress, for maintenance of law and order, and for policies which have brought us where we stand."

"My aim and object will be to hold the balance fairly and firmly among all classes, and to see, as far as that is possible, that the maximum of profitable labor may be given to all our people, and that they may be encouraged in the idea which I consider the foundation stone of national success, that intelligent effort shall always be suitably rewarded, that the men and women of this country may raise in stature and improve their minds and their material condition according to the measure of their endeavors. These I conceive to be the highest aims of statesmanship."

ALBERTA

A big hole in United States prohibition seems to be made when the state department offers to grant breweries permits to make medicinal beer.

Alcohol toughens the skin, and boozers nowadays have to be pretty tough-skinned to stand what is being sold to them by the boot-legger.
